

Center for Global Education (GlobeE) is an on-campus educational and research facility that provides support for various forms of study abroad and offers educational programs where all students, both domestic and international, can interact and learn together. It serves as a university-wide platform for international education. There are dedicated offices on the Hongo, Komaba, and Kashiwa campuses.

Let's work on Go Global Gateway

✓ What is Go Global Gateway (GGG) ?

Go Global Gateway (GGG) is a program designed for all undergraduate students at UTokyo to develop their “global competence” (the ability to live and work together with diverse people around the world). Students will be certified once they have satisfied the requirements and applied through the designated form.
