

Short-term Japanese Course

For Elementary Level

Japanese Talk Flow:

A Hands-On Conversation Course for Elementary Learners

From **July 16 (Wed.)** to **30 (Wed.), 2025**

14:55 - 16:40 Total 10 sessions

Why is speaking Japanese so challenging?

It's not just vocabulary or grammar - Japanese communication often relies on contexts.

This course focuses on practical conversation exercises to help you recognize shared contexts, avoid saying what's already understood, and build empathy for smoother conversations.

Designed for those who have completed the Level 1 textbook 'Get Connected', this course helps students develop practical communication skills.

It's also suitable for learners who are studying Japanese using single-sentence based materials and want to focus on managing the flow of real conversations.
