

Application Guidelines For GlobE Special Enrollment Program 2026 (Graduate)

1. Qualifications

Students' Status

Students participating in this program will be affiliated with the Center for Global Education of UTokyo (GlobE). This means that GlobE Special Enrollment Program Students will follow the academic procedures and schedule at GlobE, regardless of their majors. Their status will be “Special Auditors” (non-degree-seeking status) who are eligible to register for university courses for credit.

Note: As of December 2025, the University Regulations necessary to grant GlobE Special Enrollments' status for this program are in the process of being established. This application process is commencing with the assumption that the said regulations will be enacted.

Eligibility

Only graduate students satisfying all of the following requirements may apply:

1. Students who are currently enrolled in a graduate program at a U.S. university and are facing significant difficulties in continuing their studies due to the cancellation or suspension of their study visa, as a result of the measure announced by the U.S. Department of Homeland Security on May 22, 2025, regarding the suspension of Harvard University's international student acceptance program, or any other similar measures.
2. Students who possess official proof of their required language proficiency or meet the condition for exemption from providing proof at the time of submission of application.

Language Requirement

Students must meet the language requirements in English and/or Japanese, depending on the courses they wish to take.

Students who wish to take courses offered in <u>English</u>	<ul style="list-style-type: none">- A minimum TOEFL iBT score of 90, IELTS overall band score of 6.5, Cambridge English Qualifications “C1 Advanced”, or Duolingo English Test (DET) score of 120*TOEFL iBT Home Edition, IELTS Indicator/Online/ One Skill Retake are accepted.*TOEFL iBT “MyBest scores” is not accepted.*TOEFL iBT, IELTS and DET scores are valid only if dated within two years of the application deadline.
--	--

	<p><u>*For TOEFL iBT tests taken on or after January 21, 2026, the required scores will continue to be applied using the 0–120 scale.</u></p> <p>Or</p> <ul style="list-style-type: none"> - Attend a university or have graduated from a high school where the medium of instruction is English <p>*Applicants must submit a proof that certifies that the degree program they belong to is taught <u>entirely</u> in English, unless they attend a university in an English speaking country or their first language is English. (Applicants whose first language is English are considered to meet this requirement if they have graduated from a high school where the medium of instruction is English).</p>
<p>Students who wish to take courses offered in <u>Japanese</u></p>	<ul style="list-style-type: none"> - JLPT Level N1, or - Have graduated from a high school where the medium of instruction is Japanese

2. Courses and Academic Calendar

GlobE Special Enrollment Program Students are eligible to take Global Liberal Arts (GLA) courses, courses offered by graduate schools, and Japanese language courses. In order to satisfy the visa requirement, they must take a minimum of six classes per week. Furthermore, they are required to attend a weekly guidance session offered by GlobE.

Period of Study

Up to one year (2 semesters)

*An extension of six months (1 semester) may be permitted.

Academic Calendar

The Academic Calendar for AY 2026 will be available around March 2026.

Course information

Global Liberal Arts (GLA) Courses

GlobE offers Global Liberal Arts (GLA) Courses. All classes are conducted in English and focus on themes related to SDGs such as gender, diversity, health, poverty, GX (Green Transformation), in an interactive small-group format.

To view specific courses, please refer to the [UTokyo Online Course Catalogue](#). List of courses open to students for AY 2026 (April-March) will be available in late March of 2026.

For additional details, visit this page: [Global Liberal Arts \(GLA\) Courses](#)

GlobE, as the administering entity of this program, highly encourages Students to commence their studies with the GLA courses.

Courses offered by Graduate Schools

- Students are eligible to register for courses offered by Graduate Schools that accept “Special Auditors” under the [Prerequisites for USTEP Type G Applicants](#), provided that students meet the “Language Proficiency” requirements set by each respective Graduate School.
- Please note that course registration may not always proceed as requested.
- For details on each Graduate School, please refer to its [website](#).
- Courses available at each Graduate School can be found in the [The University of Tokyo Online Course Catalogue](#).

Japanese Language Education

Students also have the opportunity to take non-credit Japanese language programs. The Japanese Language Education Division, part of GlobE, offers a variety of Japanese language courses catering to different levels and learning durations. For the convenience of students and researchers on various campuses, all classes are conducted online.

For additional details, visit this page: [The Japanese Language Education Division, the Center for Global Education](#)

3. Financial Information

Tuition fee: JPY 14,800 per credit

The minimum required fund

In accordance with Japanese visa requirements, applicants will be asked to submit a bank statement demonstrating a balance of 120,000 JPY per month for each month of enrollment at the University of Tokyo, as follows.

One semester (six months): 720,000 JPY

Full Year: 1,440,000 JPY

Please be well prepared to secure at least monthly funds of 120,000 JPY when you apply. Shortly after the announcement of the result, you will be asked to submit the bank balance showing that you have 120,000 JPY per month.

Part-time Jobs

The coursework at The University of Tokyo is rigorous. the University of Tokyo strongly advises its exchange students NOT to seek off-campus part-time work during the academic terms. Students who wish to gain work experience while studying in Japan should not apply to this program. Any students who wish to work during the break must obtain a work permit before they begin their employment.

4. Additional Information

Housing

Students may apply for University Housing arranged by UTokyo. However, due to the extremely limited number of facilities available, housing cannot be guaranteed. Therefore, we strongly recommend considering Private Accommodations. Further information is available at the following website:

[Housing Office](#)

Insurance

- It is the students' own responsibility to be insured for the entire period of their stay in Japan.
- National Health Insurance Program

Students must join the National Health Insurance (NHI) Program regardless of the kind of insurance they may already have. This is a strict legal requirement in Japan. Once they arrive in Japan, they must complete the required procedures at their local city/ward office.

- Personal Accident Insurance for Students Pursuing Education and Research "[Gakkensai](#)" and the optional "[Inbound futai-gakuso](#)".

"Gakkensai" provides necessary support in the case of accident or injury suffered in the course of activities related to research or education. Students in this program do not need to apply for this insurance as UTokyo enrolls all its students and pays premiums. "Futai Gakuso" is an option that can be added to the "Gakkensai" for a cost (JPY 8,060 for six months). It complements a scope of insurance liability in your life such as compensation responsibility. It is particularly recommended for those who plan to ride bicycles in Japan to obtain "Futai Gakuso," as bicycle-related accidents are common.

Inbound Medical Assistance Service (IMAS)

IMAS is the "Inbound Medical Assistance Service" for international students at UTokyo. (This is NOT an insurance.) All students must register for IMAS.

You can receive the services listed below.

- Telephone Consultation available 24/7, 365 days a year.

- Referral to an appropriate hospital.
- Interpretation service provided over the phone while in the hospital or during transfer to the hospital.
- Contacting the University if necessary
- Arrangement of transportation to a medical facility or for transfer to another medical facility in Japan or in one's home country.
- Contacting and assistance for family in one's home country, etc.

See below for further information:
